

England Korfball Performance Pathway: Dates for 2025/2026 Season

Please see below the proposed dates for the training camps for Academy, DTS and ETS for 2025/2026 season. Due to the recent announcement re Home of Korfball, some locations are still being confirmed.

These dates include proposed squad preparation dates for IKF tournaments.

The cost of the programme remains £30 per session and details regarding payment will be communicated separately. Squad preparation dates will either be included within the cost of trips or budgeted at £20 per session.

*Some tournament dates are not confirmed by IKF and so a proposed date has been put in based on previous years' tournaments. EK are also actively seeking additional international competition to support the exposure and development and preparation of our squads.

Date	Academy	DTS	ETS
